

Teletherapy

Now Available!

MGA Homecare has experienced therapists ready to help conduct OT, PT and SLP services via telemedicine. It is as easy as 1, 2, 3!

- 1  Call us to speak with a team member about how MGA may meet the needs of your child via teletherapy
- 2  MGA will verify if your insurance provider allows teletherapy (many have removed restrictions in light of COVID-19) and quickly start the evaluation process
- 3  Once approved, teletherapy sessions can begin

Call today to set up initial evaluation.
